

Big Data Management, Analysis, and Presentation

Course introduction

Andrea Brunello

`andrea.brunello@uniud.it`

Andrea Brunello, tenure track researcher at the University of Udine and member of the *Data Science and Automatic Verification Laboratory*

- <https://www.andreabrunello.com/>
- <https://datasciencelab.dimi.uniud.it/>

I conduct research on **artificial intelligence**, specifically about:

- Neurosymbolic integration
- Positioning systems
- Digital Humanities
- Healthcare

We are going to spend 10 hours together, talking about:

9 Oct, 12:30-15:30

LLMs and Prompt Engineering for Data Analysis

Power BI

16 Oct, 12:30-15:30

Data visualization, theory and practice with Power B.I.

23 Oct, 12:30-16:30

Data provenance and storage

If you have any doubts / questions / feedback / comments... **raise your hand!**

when your lecturer asks if you have any questions

All the slides, links, video recordings of the lectures and material used are available on the **GitHub repository** of the Data Science and Automatic Verification Laboratory... just scan the **QR code**
